Introduction

Prestige Business Technology Sdn Bhd (Prestige) was incorporated in year 2002. It is a fully owned Bumiputera company, both in equity as well as management control.

Prestige has established an excellent track record since the inception and is capable of delivering comprehensive solutions to meet the stringent demands of the Defence Industry especially in Arms, Ammunitions & Explosives (AA&E), Transportation & Aircraft Maintenance , ICT & Networking Supplies, Electronics and Telecommunications.

We, in Prestige believe it is now time to expedite our journey in order to take advantage of the significant market potentials in Malaysia and globally in line with our expansion program.

About Us

Vision

To be a globally recognized top-notch Defense, Aviation and Civil Contractor that understands each client's evolving needs, streamlined processes for prompt and effective service delivery, implementing cutting-edge technologies for robust engineering solutions and leaving an enduring impact on the defence and service industry.

Mission

Our mission is to provide superior quality, cost effective and value for money end-to-end services, through strong customer focus, always striving for continuous improvement, with reliability and trust – consistently exceeding our customer's expectations.

Our business model is flexible and recognises the need for comprehensive solutions that are practical, achievable and sustainable. We strive to always provide our best services to our customers.

Our aims are to:

- Provide a high standard of solutions that fully satisfies the needs and aspirations of our clients.
- Deliver a safe, welcoming and motivational environment for our clients.
- Retain our proven image within the industry and always endeavour to improve our relationship with the customers.
